### FIREGEM VISA HIGHLINE DIMENSIONS

	A	B	C
Firegem Visa Highline	622mm	660mm	196mm
Firegem Visa Highline Deluxe	638mm	695mm	198mm
Firegem Visa Highline Super Deluxe	638mm	695mm	206mm

#### PERFORMANCE

#### NG

Maximum Heat Input:	6.04kW
Maximum Heat Output:	4.87kW
Minimum Heat Input:	1.55kW
Minimum Heat Output:	1.0kW
Efficiency:	89.5%

#### SURROUNDS

The Firegem Visa range of fires are compatible with a wide range of fire surrounds (100 °C temperature rating). Please check compatibility before purchasing.

#### SITING

##### Heath Mounting

The Firegem Visa range is suitable for hearth or wall mounting on a non combustible hearth at least 13mm thick and measuring at least 305mm deep and 710mm wide with the fireplace opening central. The top surface of the hearth should preferably be 50mm above floor level to discourage the placing of carpets or rugs over it.

##### Wall Mounting

The Firegem Visa range is suitable for wall mounting onto a non-combustible wall so that the top of the spigot opening in the closure plate is at least 490mm above the finished floor level.

#### FLUE SUITABILITY

The Firegem Visa range may be fitted into the following flues with minimum equivalent flue heights of 3M (10ft) :-

Standard Brick Chimney:	228mm x 228mm (9in x 9in) or (7in) diameter.
Metal Flue Boxes:	e.g. Selkirk 125mm (5in) diameter.
Pre-Cast Block Flues:	198mm x 67mm min. (or the equivalent minimum cross sectional area) conforming to BSI Specification.

# Firegem Visa Range

High Efficient Radiant Gas Fires

#### Warning

All models conform to relevant safety standards, but during use parts of the casing become hot. A suitable guard is therefore recommended for the young or infirm.

ROBINSON WILLEY

## → Firegem Visa Range

Firegem Visa - Olive

Firegem Visa Deluxe - Teak

Firegem Visa - Black & Chrome

### FIREGEM VISA

The Firegem Visa is renowned for its supreme heat efficiency and gas fire safety. All models boast over 89% heat efficiency and cleverly combine an impressive 4.87kW heat output with low running costs. Whether integrated into a fire surround or simply wall mounted, this popular range will blend harmoniously with both traditional and contemporary room decors. And that's not all, each model includes a wealth of features to meet the needs of the elderly and disabled.

#### Model features:-

- Powerful 4.87kW Heat Output
- 89.5% Efficient
- Top Control – 4 Heat Positions
- Electronic Ignition on selected models
- Disabled Control Handle Included
- Fitted with RW Safeguard
- Lean Burner Technology
- Suitable for Chimneys & Pre-Cast Flues

## → Firegem Visa Highline Range

Firegem Visa Highline Electronic

### FIREGEM VISA HIGHLINE

To meet the needs of larger openings and to avoid the need for a closure plate trim above the fire, all three Firegem Visa models are available in a Highline version. Boasting the same impressive heat engine and advanced safety features as the standard range, each model is aesthetically the same but simply 82mm (3.3”) taller than its counterpart.

#### Model features:-

- Powerful 4.87kW Heat Output
- 89.5% Efficient
- Top Control – 4 Heat Positions
- Electronic Ignition on selected models
- Disabled Control Handle Included
- Fitted with RW Safeguard
- Lean Burner Technology
- Suitable for Chimneys & Pre-Cast Flues

Firegem Visa Highline Deluxe - Teak

Firegem Visa Highline Deluxe - Rosewood
